Title: Custom Software Development Agreement - Cybersecurity Modules

Parties Involved:

This Agreement is entered into by and between:

1. Vendor: SecureSoft Solutions Inc. (hereinafter referred to as "Developer"), having its principal office at 123 Cyber Lane, Tech City, USA.
2. Customer: ShieldTech Global LLC (hereinafter referred to as "Client"), having its principal office at 101 Secure Blvd, Innovation District, USA.

Introduction:

This Custom Software Development Agreement (the "Agreement") sets forth the terms and conditions under which the Developer will design, develop, and deliver customized cybersecurity software modules for the Client. This Agreement is executed on March 31, 2025.

1. Scope of Work:

The Developer agrees to build the following custom modules as per the Client's specifications:

- Module A: Real-Time Threat Correlation Engine.
- Module B: Compliance Reporting Dashboard with Multi-Tenant Support.
- Module C: Automated Risk Assessment Tool.
- Each module will be integrated into the Client's existing SecureNet Pro infrastructure.
- Deliverables include source code, documentation, and integration support.

2. Development Process:

Contract Agreement

- Phase 1: Requirements Gathering and Analysis (2 weeks).
- Phase 2: Design and Prototyping (4 weeks).
- Phase 3: Development and Unit Testing (8 weeks).
- Phase 4: Integration and User Acceptance Testing (4 weeks).
- Phase 5: Deployment and Final Handover (2 weeks).
- Total Duration: 20 weeks from the start date.

3. Payment Structure:

- Payment Milestones:
 - Milestone 1 (Requirement Analysis Completion): \$20,000.
 - Milestone 2 (Prototype Approval): \$30,000.
 - Milestone 3 (Development Completion): \$50,000.
 - Milestone 4 (Final Deployment): \$25,000.
- Payment Terms: Due within 15 days of milestone completion.
- Late Payment: 1.5% interest per month on outstanding balances.

4. Acceptance Testing:

- The Client shall conduct acceptance testing within 15 days after deployment.
- Criteria: Modules must meet the functional requirements outlined in the project specification.
- Issue Resolution: The Developer will address any issues identified during testing within 10 business days.

5. Intellectual Property Rights:

- Ownership: Custom-developed modules and code will become the property of the Client upon full payment.

Contract Agreement

- Licensing: Developer retains the right to reuse generic components not specific to the Client's requirements.

- Confidentiality: The Developer will not disclose proprietary features of the Client's existing system.

6. Warranty and Maintenance:

- Warranty Period: 6 months from the final deployment date.

- Maintenance: Includes bug fixes and minor updates within the warranty period.

- Post-Warranty Support: Optional maintenance agreement at \$5,000 per month.

7. Confidentiality and Data Protection:

- Non-Disclosure: Both parties agree to maintain the confidentiality of technical details and proprietary data.

- Data Handling: All data exchanged during the project will be encrypted and securely stored.

8. Liabilities and Indemnification:

- Limitation of Liability: The Developer's liability for damages shall not exceed the total project value.

- Indemnification: The Client indemnifies the Developer from any third-party claims resulting from the Client's use of the developed modules.

9. Termination and Dispute Resolution:

- Termination for Convenience: Either party may terminate with 30 days' written notice.

- Termination for Cause: Immediate termination in case of material breach not remedied within 14 days.

- Dispute Resolution: Any disputes will be resolved through mediation. If unresolved, arbitration will take place in New York.

Contract Agreement

10. Amendments and Miscellaneous:

- Modification: Any changes to the project scope or terms must be agreed upon in writing.
- Assignment: Neither party shall transfer rights or obligations under this Agreement without written consent.
- Governing Law: State of New York.
